The Harry Fox Agency, Inc. and Gracenote Enter Licensing Arrangement for Digital Lyrics

HFA’s Over 37,000 Represented Publishing Catalogs Have Option to Participate

November 9, 2009 – The Harry Fox Agency, Inc. (HFA), a leading U.S. music rights licensing organization, and Gracenote®, a provider of lyrics for digital music applications, have entered into a digital lyrics licensing arrangement, for uses including lyric delivery with permanent downloads, CD playback, online subscription services, lyrics search, mobile services, and consumer devices. HFA’s over 37,000 represented publishing catalogs will have the option of licensing Gracenote Lyrics™ by participating in this agreement.

“The Gracenote Lyrics offering enhances many different music services including Clear Channel, MetroLyrics, MTV, Pandora, and Yahoo! Music, and adds another layer to the fan’s experience,” said Michael Simon, Senior Vice President of Business Affairs, General Counsel and Chief Strategic Officer for HFA. “This arrangement demonstrates HFA’s continuing commitment to deliver new revenue opportunities for its represented publishers.”

“This licensing arrangement with HFA is a big win for both music publishers and Gracenote’s customers,” said Ross Blanchard, VP of Business Development for Gracenote. “HFA’s members may license a large and growing new market and our customers and music fans will have access to an even larger catalog of authorized lyrics.”

About HFA
Established in 1927 by the National Music Publishers’ Association, HFA represents over 37,000 music publishing clients for their licensing needs in the United States, issuing licenses and collecting and distributing the associated royalties. In addition to being the premier mechanical licensing agent in the U.S., which includes CDs, ringtones, permanent digital downloads, interactive streams, limited downloads and more, HFA is dedicated to finding new ways for its affiliated clients to recognize value for their catalogs, including lyrics and tablature. Further, HFA provides collection and monitoring services to its publisher clients for music distributed and sold in over 100 territories around the world.
